

Hilltop Photo Consent Form

Dear Families,

Occasionally, we will be taking pictures of your child to enhance our program. Generally, the photos will be used for bulletin boards, cubbies, projects to be sent home, special events, our school website, and sometimes just for fun!

Other parents may wish to take pictures of the group at the center on some occasions, such as their child's birthday celebration. Hilltop does NOT post pictures featuring our students' faces on Facebook or social media. Hilltop staff will NEVER post pictures of the children on their personal Facebook or social media pages. We would like your permission to have your child photographed. Please fill out the information below and return with your enrollment forms.

Thank you,

Hilltop Early Learning Center Staff and Board
